Art of presenting : Let's ace the skill	04.09.2023
Speaker - Dr. Ankit Sikri	
<p>We all live in a technology-driven world. Our fast-paced life demands much more from us sometimes. In a lobby of professionals, one always wants to outshine the other. Communication skills form a large part of the day to day dealing. One such skill is the art of presentation through Powerpoint presentation. Whether you are making a presentation and speaking at a conference or delivering a lecture, it matters what you say and how you say it. Hence Mansarovar Dental College conducted a talk on ART OF PRESENTING: LET'S ACE THE SKILL!! By Dr. Ankit Sikri</p>

Oral Hygiene day	01/08/2023
Organized by the Department of Periodontology	
<p>The global burden of disease study of 2017 conducted by the World Health Organization (WHO) found that around 3.5 billion people across the globe suffer from oral diseases. However, one will be amazed to know that most oral health conditions including tooth decay, gum diseases and even oral cancers can be prevented by simply maintaining a good oral hygiene. The theme focused on conveying to the public the importance of dental health at all stages, to urge people to practice good oral hygiene, and to educate them on how to preserve dental tissues. Activities included videography competition, Best smile competition, poster making, plaster model making, and rangoli competition for the students, interns, and postgraduates.</p>

Bicycle riding

03/06/2023

Bicycle riding uses minimal fossil fuels and is a pollution-free mode of transport. Bikes reduce the need to build, service and dispose of cars. Bicycle riding conserve roadway and residential space thereby providing opportunities for less concrete and more plant life in urban areas. Hence MDC organized for students.

Find balance & bliss through meditation	03.11.2023
Speaker: Sister Hema and sister Divyani	
After true realization of the self, one can perform all worldly duties with ultimate Bliss and Peace. Despite so many new inventions across the globe to increase efficiency, our sufferings continue to overwhelm us. Our journey on earth can bring stress, tension, fear, anger, anxiety, and loneliness. Bliss is Anand or the ultimate joy where there is freedom from happiness and sorrow, which is beyond negative-positive, which means knowing yourself joyfully and experiencing total presence. Practicing this powerful meditation and way of life, will bring you balance, optimum utilization and harmony of the body, mind, intellect, and life, Mansarovar Dental College organized a talk on "Find Balance and Bliss Through Meditation" by sister Hema and sister Divyani on 3rd November 2023

Aurvedic medicinal plants in dentistry

02/11/2024

Speaker: Dr. Prashant A. Pendor

Ayurveda is the ancient Indian system of health care and longevity. It is a holistic system of medicine that has emerged in India centuries ago, now practiced in other parts of the world as Alternative Medicine even in Dentistry. Dental fraternity has witnessed the footprint of these herbal products in the form of tooth pastes, gum paints, mouthwashes, root canal irrigants, etc. The Science of ayurveda should be integrated with modern dentistry and dentists can be encouraged to use natural herbal remedies in various dental treatments for both children and adults.

Mansarovar Dental College held a talk on "Aurvedic medicinal plants in dentistry" by Dr. Prashant A. Pendor.

World Oral Health Day

20/03/2024

World Oral Health Day is celebrated on 20th March to promote the importance of oral health in overall health status. World oral health day spreads the message about good oral hygiene practices in adults as well as in children and demonstrates the importance of oral health and well-being.

The theme of World Oral Health Day 2024 is

"A HAPPY MOUTH IS A HAPPY BODY"

We, as dentist focuses on making people aware of their oral hygiene and helping them make the right decision to protect it, also letting them know how a healthy mouth is important for our happiness and well-being.
