Title	Seminar on Research grant writing
Date	23/02/2023
Guest Speaker	Dr.Devesh Pandey
Conducted By	Dept of PHD
Number Of Participants	84
Programme Report	<p>Introduction: A successful research grant proposal begins with a captivating introduction that hooks the readers from the outset. To achieve this, it's essential to provide background information that immerses the readers in the subject matter. The purpose of this seminar was to equip participants with the knowledge and skills required to craft purposeful and effective research grant proposals.</p> <p>Proposed Solutions:</p> <ol style="list-style-type: none">1. Discussing Larger Impact: Throughout the seminar, it was emphasized that grant proposals should not only address immediate research needs but also consider their broader impact on society. Participants were encouraged to think beyond the immediate project and contemplate the long-term implications of their research.2. Addressing the "Why": Understanding why a particular research approach is chosen is paramount. The seminar highlighted the importance of explaining the rationale behind the chosen methodologies and strategies. This ensures that reviewers and readers have confidence in the proposed research plan.3. Assurance of Effectiveness: A key takeaway from the seminar was the necessity of leaving readers with the assurance that the proposed research can effectively address the identified problem. This assurance is built through a well-structured and thoroughly researched proposal.4. Extensive Research: Successful grant proposals require extensive research not only into the topic of the proposed research but also into the grant-making organization, its priorities, and previous successful projects. Participants were encouraged to invest time in comprehensive research before drafting their proposals.5. Demonstrating Effectiveness: The seminar emphasized that a grant proposal should present compelling evidence that the proposed solution is effective. Data, case studies,

and literature reviews play a crucial role in demonstrating the viability and potential impact of the research. In conclusion, the seminar on research grant writing provided valuable insights into the art of crafting compelling grant proposals. By following these principles, participants are better prepared to secure funding for their research endeavors and make a meaningful contribution to their respective fields.

Name of event	Introduction of IPR, Patenting Process and its importance for startup
Date of the event	11/05/2024
Participants	78 students, 40 staff
Aim and Objective	AIM: Educate students on the significance of IPR and the patenting process for protecting innovations and gaining a competitive edge. Objective: Provide comprehensive insights on leveraging IPR for business growth and legal protection.
Report	<p>On May 11, 2024, the Mansarovar Dental College auditorium hosted an insightful session on Intellectual Property Rights (IPR) and the patenting process, aimed at educating startups and entrepreneurs. The session was conducted by Mr. Prateek Shrivastava, a distinguished Patent Attorney and Advocate at the Bar Council of India.</p> <p>Mr. Shrivastava began by explaining the various forms of IPR, including patents, trademarks, copyrights, and trade secrets, and then delved deeper into the specifics of patents. He detailed the patenting process, which includes conducting a patent search, filing an application, undergoing examination, publication, and finally, the granting of the patent. This step-by-step explanation was designed to demystify the complexities of obtaining a patent and to highlight the meticulous process involved.</p> <p>The importance of patents for startups was a focal point of the session. Mr Shrivastava emphasized that patents protect innovative</p>

ideas from being copied, thus securing a startup's competitive edge in the market. Additionally, patents can attract investors and partners, enhance brand value, and create revenue opportunities through licensing or sales. The legal protection afforded by patents also enables startups to enforce their rights and take action against potential infringements.

The session concluded with an interactive Q&A segment, where attendees had the opportunity to seek personalized advice from Mr Shrivastava. The event was highly beneficial, providing startups with a comprehensive understanding of IPR and practical insights on leveraging patents for growth and success. Attendees left with a clearer perspective on the strategic importance of IPR in the dynamic and competitive business environment.

MANSAROVAR DENTAL COLLEGE AND HOSPITAL

A. ABOUT IIC INSTITUTE

- **Vision / Mission of IIC established at the Institute**

VISION

1. Foster a culture of innovation and entrepreneurship within the institution.
2. Drive transformative changes in education, research, and community engagement.
3. Empower students and faculty to create and implement innovative solutions.

MISSION

1. Promote innovation and incubation of startups among students and faculty.
2. Provide training, mentorship, and resources to nurture innovative ideas.
3. Facilitate collaboration with industry, government, and other institutions.
4. Evaluate and recognize innovative projects and initiatives within the institution.
5. Inspire a mindset of continuous learning and adaptability to address societal challenges

Journey of IIC established at the Institute

In the past year, the Institution Innovation Council at Mansarovar Dental College has achieved significant milestones in fostering innovation and entrepreneurship among students and faculty. Through a series of workshops, motivational talks and innovative programs, we've nurtured a culture of innovation on campus, resulting in the development of several promising projects, publications, patents and design prototype. Our commitment to promoting research and innovation in the field of dentistry has led to collaborative initiatives with industry partners, creating opportunities for real-world impact. As we enter our second year, we remain dedicated to empowering the dental professionals of tomorrow to drive positive change and make a lasting impact on oral healthcare.

Diversified representation in the IIC established at the institute from industry, Interdisciplinary & Departments/ Units etc.

The Institution Innovation Council (IIC) at our institute has successfully achieved diversified representation from various sectors, including industry leaders like Shail Industries, Drishti Diagnostics, and Vindya Herbal, as well as interdisciplinary teams and various departments and units. This comprehensive approach facilitates a holistic and well-rounded perspective on innovation and entrepreneurship. By including stakeholders from industry, interdisciplinary backgrounds, and across different departments and units, the IIC leverages a wide range of expertise and experiences, fostering a rich environment for collaborative innovation and the exchange of ideas. Over the past year, the IIC has organized a series of comprehensive programs focused on personality development, intellectual property rights, grant writing, and research writing, equipping our students and faculty with valuable skills. Furthermore, we have conducted enriching workshops in collaboration with industry dental leaders like Unicorn DenMart and 3M, providing our dental community with invaluable insights and hands-on experiences to stay at the forefront of the field and drive innovation in oral healthcare. This diversity ensures that the council can effectively identify opportunities, address challenges, and promote a culture of innovation that benefits the entire institution and its stakeholders.

D. Highlight Facilities, Infrastructure of Pre-Incubation & Incubation kind and Student bodies/clubs engaged in promotion of Innovation and Entrepreneurship in the campus.

Our campus is equipped with state-of-the-art facilities and infrastructure to foster innovation and entrepreneurship. The Pre-Incubation and Incubation Center serves as a hub for collaborative idea exchange, featuring a round table conference setup with a projector to facilitate discussions on ideas and innovations. Furthermore, our facility boasts a range of scientific equipment, including a centrifuge machine, binocular microscope, antibiotic sensitivity tester, travelling microscope, and an incubator. These resources support advanced research initiatives within the incubation center, contributing to the development of an innovation ecosystem. In addition to the incubation center, our college houses well-equipped research labs, a microbiological lab, a tobacco cessation unit, and fully-equipped clinics that serve as vital spaces for conducting research and promoting innovation. Our scientific committee (Student scientific club) plays a pivotal role in guiding and supporting these initiatives, ensuring that our campus remains at the forefront of innovation and entrepreneurship in healthcare and beyond.
