HERBAL GARDEN ACTIVITY REPORT 2017-2018

Date & Time	11/09/2017 TO 15/09/2017 10 am to 11 am
Venue	Herbal Garden, Mansarovar Campus, Kolar Road, Bhopal(M.P.)
No. of Students	UG=80 PG=11
Co-ordinator	Dr. Anil Kumar Shukla, Prof. & Head, Department of Dravya Gunna Vigyan
Summary	The students were shown a range of herbs and drugs made of them aimed at treating specific diseases of the mouth cavity. The students explained the benefits and uses of the various species of plants grown in the garden. These plants contain active ingredients against dental organisms. Natural phytochemicals are an effective alternative to antibiotics and represent a promising approach in prevention and therapeutic strategies for dental caries and other oral infections. Their use in the formulation of chewing sticks, toothbrushes, oral rinses, toothpastes and chewing gums.
Outcome	Knowledge on herbal plants that could be used in research in relation to dentistry.
