

# MANSAROVAR DENTAL COLLEGE STRATEGIC PLAN (2022-2027)

MANSAROVAR DENTAL COLLEGE  
BHOPAL, MADHYA PRADESH

# VISION

To create an ultimate learning environment, so as to produce intelligent, highly skilled and conscientious doctors for the upliftment of society and humanity.

# MISION

1

## High Quality Dental Education

Encouraging high quality dental education that focuses on learning necessary information and skills in the delivery of oral health services

2

## Scientific Temperament and Research

Creating a learning atmosphere in which scientific temperament and reasoning are instilled, providing motivation for research in the field of oral health services.

3

## Cooperative Culture and Leadership

Fostering a cooperative culture, teamwork verification, collective accountability, inclusive leadership, and social commitment.

# Assessing our Strength and weakness

1.

## STRENGTH

Capable and experienced teaching faculty

Visionary and encouraging management leadership.

Good financial support.

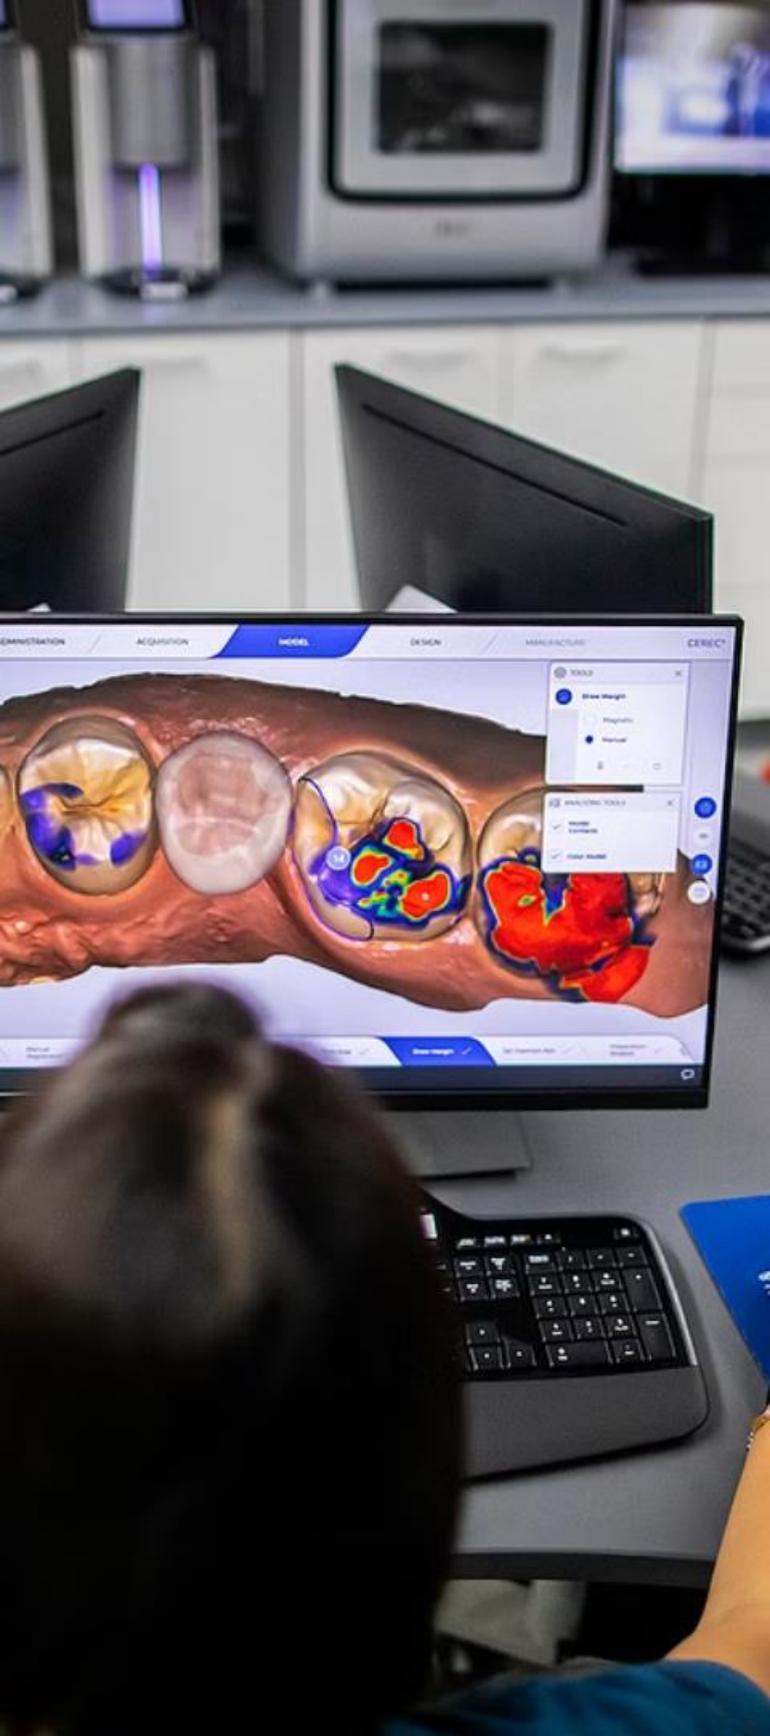

Abundant patient footfall for student training.

2.

## WEAKNESS

Less than optimum international exchange and exposure programs

Less exposure to government initiatives other than academics for extraordinary skill developments.

# Innovative Education and Curriculum Development

1

## Curriculum Revision

The curriculum will be revised to incorporate the latest developments in dental science and technology, ensuring that students are equipped with cutting-edge knowledge and skills.

2

## Digital Dentistry Integration

Integration of digital dentistry, tele-dentistry, and other emerging technologies in both teaching and practice to prepare students for the future of dental care.

3

## Enhanced Clinical Training

Focus on holistic patient care, interdisciplinary approaches, and ethics to develop well-rounded dental professionals.

# Excellence in Research and Innovation

## **1 State-of-the-Art Research Facilities**

New research facilities will be established, concentrating on advanced areas such as biomaterials, digital imaging, and genetic engineering in dentistry.

## **3 Promotion of Research Culture**

A robust support system for faculty and student research through grants, awards, and publication assistance will be integral to promoting a thriving research culture.

## **2 Collaborative Partnerships**

We will actively foster collaborations with esteemed national and international research institutions and industries to promote knowledge exchange and joint scientific endeavors.

# Community Engagement and Healthcare Services

**1**

## **Expansion of Dental Camps**

We are committed to expanding our reach through community dental camps and outreach programs, specifically targeting underserved areas. These efforts will have a dual impact, integrating service with student clinical training.

**2**

## **Launch of Mobile Dental Clinics**

To enhance accessibility to dental care, we will deploy mobile dental clinics, ensuring that quality dental services are available to a wider demographic, thus addressing critical gaps in oral healthcare access.

**3**

## **Patient Education Programs**

Comprehensive patient education programs focusing on preventive dentistry will be developed, empowering individuals to take charge of their oral health and overall well-being.

# Infrastructure and Technological Advancement

## Upgraded Facilities

We are committed to upgrading our dental clinics, laboratories, and classrooms with cutting-edge equipment and technology to provide an optimal learning and healthcare environment.

## Sustainability Initiatives

The implementation of sustainable practices across campus operations reflects our dedication to environmental stewardship and responsible resource management.

## Enhanced IT Infrastructure

Improving our IT infrastructure will catalyze digital learning, administrative efficiency, and streamlined communication across the institution.

# Governance, Leadership, and Management Enhancement

1

## Strengthened Governance Structures

The enhancement of governance structures will reinforce effective decision-making processes and ensure robust accountability across all institutional endeavors.

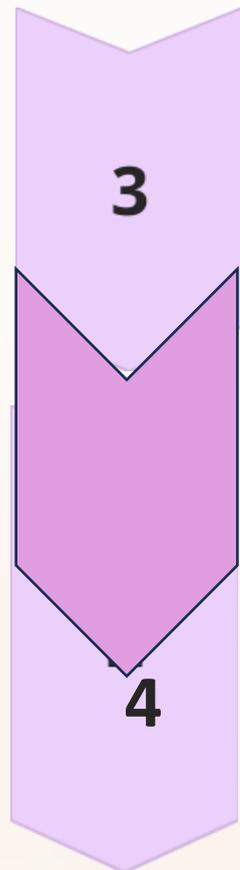

2

## Leadership Development Program

A bespoke leadership program will be developed for nurturing the next generation of leaders in dental education and practice, fostering a culture of innovation and continuous improvement.

# Governance, Leadership, and Management Enhancement

## Optimized Management Practices

Efficiency, transparency, and adaptability will be the cornerstones of our management practices, enabling agile responses to dynamic industry demands.

## Global Outreach Program

A bespoke leadership program will be developed for nurturing the next generation of leaders in dental education and practice, fostering a culture of innovation and continuous improvement.

# Financial Sustainability and Growth

## Diversified Funding

Alumni engagement, partnerships, and entrepreneurial ventures will diversify our funding sources, ensuring robust financial stability.

## Increased Aid

Expanding financial aid, scholarships, and fellowships will fortify our commitment to supporting the educational journey of our students.

## Cost-Saving Measures

Implementing prudent cost-saving measures will optimize resource utilization without compromising educational quality or healthcare services.

# Implementation Strategy:

**1**

## **Short-Term Actions 1-2 year**

Quick wins in curriculum update, research collaborations initiation, and community service programs.  
Begin infrastructure upgrades with high-impact potential.  
Launch the leadership development program.

**2**

## **Medium-Term Actions 3-4 year**

Evaluate and adjust curriculum enhancements based on feedback.  
Expand research projects and increase publications.  
Enhance financial sustainability measures and diversify income sources..

**3**

## **Long-Term Actions 5 year**

Institutionalize successful initiatives and integrate them into the college's core operations.  
Achieve targeted benchmarks in education quality, research output, and community impact.  
Ensure the governance, leadership, and management practices are well-embedded and driving continuous improvement.
